## Project details

### Uplifting Communities Through Clean Energy In The DRC

This project equips households in the DRC with solar lamps and solar home systems. It replaces polluting kerosene lighting, reduces greenhouse gas emissions, improves health, and provides access to clean, affordable energy.

**Country:** Democratic Republic of the Congo

**Registries:** Gold Standard

**Project ID:** GS12470

**Vintage:** 2023

**18**  
tonnes of CO<sup>2</sup>

Project Type

**Energy Efficiency**

## SDG Impact

Reduced Energy Costs

Essential Activities

57,960 tCO<sub>2</sub>e

Reduced Illness Risk

Access to Clean Energy

Better Learning Conditions

Local Employment
